

Excellence in Truth and Service

Office of the International
Student & Immigration Services

March 21, 2025

Dear International Students,

We understand that recent reports regarding U.S. immigration policies may be concerning, particularly for international students and scholars.

If you are traveling, please ensure you carry all necessary immigration documents with you. In the unlikely case, if your F1 visa is already expired, please note we are seeing an increase in the rejection rate for the renewal of visas, even for continuing students. Please carefully consider the risks of leaving the country.

We are closely monitoring the situation and will continue to keep you informed. If you have any concerns or need guidance, please do not hesitate to reach out.

In Truth & Service,

Office of International Student & Immigration Services
