

## **2026-27 STATEMENT OF FINANCIAL RESOURCES FOR NEW INTERNATIONAL STUDENTS**

Please review the following 2026-2027 information carefully, and complete pages 2 and 3. Listed below are estimated expenses for international students at Howard University. Tuition and fees are listed for the academic year only (August – May) and do not include the summer sessions (except for programs with summer start dates). You are not required to attend summer school (unless your program specifically outlines summer classes as part of your degree scheme). If you decide to do so, you will pay tuition based upon the number of credits you take. Living expenses listed are for a 12-month period for the student only and do not include expenses for your dependents. You should calculate an additional \$5,000 per year in living expenses for your spouse and \$3,000 for each child accompanying you.

When you complete pages 2 and 3 of this form, carefully review all financial resources available to you. Make sure that the total amount of resources is enough to cover the expenses for the school/college that you wish to attend. You should not depend upon employment to cover the costs of attending the University. Immigration laws allow students, who are in good academic standing and have enrolled for at least one calendar year to apply for a work permit to engage in off-campus employment. You may apply to the University for Financial Assistance, but you will compete with all other students who apply. **In reviewing your financial resources, you should not count on either employment or financial aid from the University.**

**This information is provided as a guide only and should not be considered as a contract or binding by the University. The University reserves the right to change tuition, fees and other charges at any time.**

### **THIS FORM DOES NOT REPRESENT AN OFFER OF ADMISSION**

It is sent to all international applicants to help them assess their financial needs and resources. A Form I-20 or Form DS-2019 will not be issued until after admission has been granted; the completed Financial Resource Statement has been received in the respective admissions office; and the \$300 Enrollment Fee has been paid.

To obtain a visa, you must present to the U.S. Consulate, in your country, evidence that you have financial resources to support yourself and dependents, if relevant, while studying in the United States. Funds for the entire first year of your study must be immediately available, and you must have reasonable assurance that funds will be available for subsequent years.
